

## CITIZENSHIP STANDARDS FOR ELIGIBILITY

GRADE: \_\_\_\_\_

Student activities in the Marshfield R-I School District provide a program for students to pursue social interests in addition to the more formal class activities. Student activities help develop leadership abilities, promote school spirit and loyalty, establish habits of good citizenship, and provide opportunities to learn to work as part of a group.

Although student activities are important for all-around development for students, they must be of secondary importance, regular classroom work must come first.

The Marshfield High School Activities Handbook contains the following information.

Creditable citizenship shall be one of the criteria for participation in school activities. Credible citizenship includes such things as regular and punctual attendance and a quality of conduct which promotes the best interest of the school.

Repeated referrals of a student to the office for misbehaving may be sufficient reason to declare a student ineligible. A single breach of good conduct, either in or out of school may also be sufficient cause for declaring a student ineligible to participate in a school activity.

The Marshfield R-I School District Activity Program has traditionally been represented by excellent students who are outstanding citizens. Only a few students make errors in judgement which makes necessary a review of the citizenship policy for the Marshfield R-I School District and are applicable to any who represents their school.

Participation in student activities is a privilege and not a right, therefore, the School Board believes that students must adhere to standards which will bring credit to the individual student the activity and the community. The School Board insists that student behavior be in compliance with Board policy, with the Student Handbook Regulations and with public law. Behavior not in compliance may result in suspension or expulsion from all extracurricular activities. While it is not possible to cite every example of behavior that violates policies, regulations or public laws, there are certain behaviors that are more frequently a problem for school systems than others and will be addressed herein. Specifically, twenty-eight (28) calendar day suspension from the activities program will be assessed for a violation of the alcohol/drug policy. A second violation will result in a three hundred and sixty-five (365) calendar day suspension from activities. A minimum seven (7) calendar day suspension from the activities program will be assessed for violation of the tobacco policy. A second violation will result in a twenty-eight (28) calendar day suspension from activities. Students may practice after the first violation but not participate in contests or games. The School Board also believes that consistent administration of the policies is important from school to school and from activity to activity, and that appropriate due process procedures must be followed before any student is suspended from participation.

In addition to these standards students must abide by the rules and regulations of the Missouri State High School Activities Association (MSHSAA). The following rules are included in the rules to the MSHSAA handbook and are listed here to help students and parents understand state requirements and to help avoid a misunderstanding which could lead to violations of eligibility standards.

1. A student who misses class on the date of a contest shall not be considered eligible to represent their school on that date without previous permission of Administration.
2. Any student who withdraws from school because of disciplinary measures shall not be eligible for any interscholastic activity for one full year from the date of withdrawal.
